MITER SAW STANDS

A Miter Saw Stand is a platform that provides a solid work surface for a miter saw or other tabletop machine. Give a miter saw a place to land with an Original Saw Company's Miter Saw Stand.

Miter Saw Stands are stationary fixtures in work areas. This stationary stand is manufactured for the commercial and industrial setting.

Original Saw's promise is quality and stability. Featuring industrial-grade construction, a Miter Saw Stand is a steady and stable platform. There's no room for wobbling when making necessary cuts on Original Saw's Miter Saw Stand.

This Miter Saw Stand pairs well with the Original Saw Company's Saw Extension Tables and Saw Measuring Systems.

Weight..... 144 lbs (65 kg)
Product Length ..... 27" (68.6 cm)
Product Width ..... 36" (91.4 cm)
Product Height ..... 36" (91.4 cm)

Original Saw Company's Miter Saw Stand complements Saw Measuring Systems and Saw Extension Tables. The stand offers a sturdy surface for miter saws and other tabletop machines like planers, hinge machines, pocket hole machines, and 3-D printers.

Benefits of a Miter Saw Stand:

- Constructed from durable formed steel, Miter Saw Stands provide a stable platform that reduces vibrations for precise operations. Their industrial design ensures proper weight distribution, preventing wobbling or tipping.
- Designed with ergonomics and safety in mind, these stands maintain a comfortable working height, reducing back and shoulder strain during extended use. The pre-drilled mounting board secures your machine, preventing accidents from shifting or tipping, while the proper machine height minimizes the risk of injury from awkward postures or heavy lifting.
- Compatible with multiple machines, these stands are a versatile addition to any workshop.
- The pre-drilled MDF mounting board allows for secure attachment and easy swapping of different machines.
- A stable, level surface is crucial for precision tasks like cutting, drilling, or printing, reducing errors caused by machine movement.
- Additionally, the textured powder coat on the tabletop and smooth gloss black legs add a polished, professional appearance to a workspace.
